Programs

# **HOW TO APPLY FOR SPECIALIZATION IN NUTRITION AND DIETETICS**

# Program Basic Information

- We are an **Autonomous** college, affiliated to **SNDT Women's University** .
- This is a **self financed course** and therefore the fees for all three years of the entire program are higher than what is charged for general home science students.
- Program on successful completion will yield a **degree** at the end of three years.
- 3 years comprises of 6 semesters.
- Final examination will be conducted at the end of each semester.
- Credit system** of evaluation is followed. ( Grades and grade points are given. Students will be oriented in class)
- Institution along with curriculum also focuses on **holistic development** of students and to full fill this provides learning opportunities in different aspects like computers, research culture, soft skills and entrepreneurial enhancing activities.**Internship** in hospital/clinics is offered to students for 6 weeks at the third year level.

# Eligibility:

- ❖ Students must have appeared for HSC board examination.
- ❖ Only students with Pure Science/Science With Home Science are eligible to apply

Students will first have to be admitted to General Home Science program by paying the general fees of Rs 12,452/-

- ❖ Students who wish to apply for Nutrition and Dietetics must have minimum 55% (aggregate) marks in the HSC exams and will then be eligible to apply to the program.

**Please note. This does not guarantee a seat in the specialization. Seats will be allotted purely on the basis of merit as per the number of seats allocated by the institute for the specialization**

Merit list will be  
declared

Applies for admission to  
nutrition and dietetics

# Commonly asked questions.....

**Q1. Why are the fees separate and higher than general students even in the first year?**

*Answer-This Is because:*

- 1. Fees Are Higher As The College Receives No Financial Aid From The Government For Conducting This Course.*
- 2. Classes Are Conducted Separately For All Most All The Subjects Offered.*

**Q2. What is the difference between FOOD SCIENCE and NUTRITION and NUTRITION and DIETETICS?**

*Food science and Nutrition is the entire stream whereas Nutrition and Dietetics is a specialization/ area of that main stream. Other areas are Sports Nutrition, Public Health Nutrition .*

*So in effect you join a specific field of Food Science And Nutrition.*

# Commonly asked questions.....

**Q3. Can a student after BSc with Nutrition and Dietetics join any other area of nutrition field?**

*Yes, a student may choose to pursue a Master's program or diploma in any area of Nutrition..*
